SUPERVISORS HOLD REGULAR MEETING

Millbrae Roadhouse Keeper is
Called on the Carpet.

The Board of Supervisors met in
regular session Monday, October 20,
there being present Wm. H. Brown
presiding, Jas. T. Casey, John Mac-
Bain, Jos. M. Francis, and D. E.
Blackburn.

The hearing on the charges made
by District Attorney Swart against
George Vincent, keeper of the Bungal-
ow at Millbrae, was taken up.

The district attorney read a state-
ment made by E. F. Newsome, a
private detective in the employ of
the county, which was in substance
that the Bungalow was a disorderly
place and was frequented by wo-
men and minor girls.

Mr. Newsome testified under oath
that the statement was correct.

Bart Sheehan, a San Mateo sal-
oonkeeper, was called for the
prosecution and testified that he vis-
ited the Bungalow six weeks ago
with three companions and saw
some women there and danced and
drank with them. He had a
wordy altercation with Vincent be-
cause he took Mrs. Vincent by the
hand. He denied that he had told
Vincent that he would "get him."

On cross-examination Sheehan de-
nied that he had accompanied any
women to the resort on that even-
ing. He had danced with those that
were there and took hold of Mrs.
Vincent's hand, which angered her
and her husband. Vincent took
him to task for his conduct and
he retaliated by telling the proprie-
tor that he would "get him," mean-
ing that he would punch his head,
not that he would have his license
revoked. Sheehan was evasive and
contradictory and forgetful in giv-
ing his testimony and was evident-
ly suppressing information that he
had previously given out. He was
sure that the saloon was conducted
in an orderly manner. He denied
that he had appealed to a certain
organization to use its influence
to have Vincent's license revoked.

John Francis had seen part of the
quarrel between Vincent and Shee-
han and had induced Sheehan to
leave the place.

George Vincent, the proprietor,
stated that on the night of the al-
tercation he had cautioned Shee-
han to leave his (Vincent's) wife
alone. He heard Mrs. Vincent tell
Sheehan that she was not feel-
ing well. Sheehan told him that he
would "get him" as he had strong
influence with the county officials
and could have his license revoked.
Since the quarrel he and Shee-
han had become good friends.

The district attorney stated that
he believed that the movement
against Vincent was a frame-up.
He had information that Vincent's
place was not always properly con-
ducted. If he cared to disclose the
names of certain women who had
frequented the place with Sheehan
he would be able to substantiate
the charges, but it would be better
at this time, not to drag those
women into the case.

Edward V. Chevalier and A. R.
Seger of Burlingame, and Geo. B.
Leroy of San Francisco gave testi-
mony favorable to Vincent.

Vincent also read a number of
letters from friends who gave his
place a good reputation.

Casey moved that judgment be
suspended for one month in the
case of George Vincent, the accus-
ed saloonkeeper, and that he be
given a reprimand by the chair-
man. The motion was seconded by
MacBain and carried.

The chairman thereupon repre-
manded Vincent and cautioned him
to be careful that in the future he
gave no cause for complaint. While
permitting women to frequent his
place was not an actual violation of
the county ordinance, it was a vi-
olation of the moral law which
would always be the chairman's
first consideration.

A resolution presented by At-
torney J. O. McElroy was adopted
on motion of Francis, seconded by
Blackburn, confirming the result of
the election held at Moss Beach
September 23d, at which a majority
of the citizens voted in favor of the
formation of Montara highway light-
ing district.

On motion of Francis, seconded
by Blackburn, it was ordered that
R. F. Chilcott prepare a map of the
district, the same to be a charge
against the district.

Edw. F. Fitzpatrick presented a
petition signed by A. A. Neuman
and others asking that a portion of
Portola avenue near Woodside be
closed.

A resolution was adopted on mo-
tion of MacBain, seconded by Casey,
declaring the road closed.

The charges of conducting a dis-
orderly place, preferred by the dis-
trict attorney against the proprie-
tor of the Bolcott saloon near
Millbrae were taken up.

The district attorney read the
report filed by Detective Newsome
and the latter testified that the
charges were correct.

Attorney Albert Mansfield stated
that he represented Mrs. J. J.
Welch, the owner of the property
and of the license. He asked that
the matter be continued until Mrs.
Welch might be communicated with,
she being out of the county.

It was ordered on motion of Ca-
sey, seconded by Francis, that the
matter be continued two weeks

and in the meantime the place re-
main closed.

M. F. Brown, chief of the motor-
cycle squad, reported as follows:

Officer Logan—Worked 14 days;
10 arrests.

Officer Lowans—Worked 14 days;
no arrests.

Officer Vallejo—Worked 12 days;
2 arrests, 4 convictions, 1 acquittal.

Officer Brown—Worked 14 days;
1 arrest, 1 conviction, 1 case pend-
ing.

A communication was received
from the State Industrial Accident
Board notifying the board of the
advisability of insuring the county
employees against accident.

The communication was accepted
and filed.

The clerk was directed to confer
with the members of the board with
reference to changes in the elec-
tion precincts.

On motion of Blackburn, seconded
by Casey, it was ordered that the
exposition Committee render a re-
port of all of its transactions at
the next meeting of the board.

A communication was received
from R. Seony of Colma, informing
the board that some time ago he
was bitten by a rabid dog, the med-
ical expense of which was \$70,
which bill he presented to the
county on the ground that the board
had not enforced the muzzling ordi-
nance.

The matter was referred to the
district attorney.

A communication was received
from the Humboldt Promotion and
Development Committee requesting
the board to send a representative
to Marysville to attend a conference
of delegates from the thirty-one
northern counties of the State, to
be held at that city November 20.

On motion of MacBain, seconded
by Blackburn, the chairman was
delegated to attend the convention.

On motion of MacBain, seconded
by Blackburn, it was ordered that
the janitor remove a typewriter
from the sheriff's office to the
chambers of Judge Buck.

Casey called attention to the
need of action in suppressing the
mosquito pest. It was decided to
invite all of the city authorities on
the peninsula to join in the move-
ment, a meeting to be held on
some date in the near future.

The surveyor was directed to re-
port on the installation of culverts
on the main county road in the
Fifth township.

W. J. O'Connell, representing the
Tobin interests, addressed the board
and stated that the necessary right
of way for a change in the route
of the road at San Pedro, as peti-
tioned for some time ago, would be
given free of charge.

The matter will be taken up at
the next meeting.

M. Lamm petitioned the board
for permission to transfer his li-
cense from the Eureka sal-
oon, recently burned, to the old
Ford place, on the same street in
San Bruno.

Permission was granted on mo-
tion of Casey, seconded by Black-
burn.

It was ordered that all disputed
claims be presented to the board
at the next meeting for final dis-
position.

Adjourned to Monday, November
3d.

BOYS' CLUB SCORES AN
EASY VICTORY SUNDAY

The Boys' Club again proved
that they could play a crack game
of baseball when they easily de-
feated South City by a score of
14 to 7. For seven innings Chaves
allowed the visitors but two hits.

In the fourth he retired the side
on four pitched balls. The locals
showed the fans all the tricks of
the game, double plays, double
steals and spectacular stops; that
of Valencia in left, catching a line
drive off his shoe laces being the
most spectacular.

Three batters
by Fitzpatrick and Griffin with men
on, piled up the score. The vis-
itors were helpless and unable to
score until our boys slowed up af-
ter having a 12 to 0 lead and per-
mitted them to score near the end.

Next Sunday at 2:30 the fast El-
lery Arms Company team will be
here. This team claims a victory
over the Elbees, who put up two
great extra inning games when
here, and a week ago they defeat-
ed the Union Street Merchants, 15
to 7, while our boys won by a 10 to
5 score. Be sure and take this
game in, you will be helping the
boys.

LITTLE GIRL FALLS IN
CREEK, NEARLY DROWNED.

Little Ruth Stevens, the three-
year-old daughter of Rev. C. H.
Stevens, pastor of the Congrega-
tional church had a narrow escape
from drowning in the creek Mon-
day afternoon. The child was play-
ing alone on the platform at the
rear of Lamb's store when she fell
into the stream. She was seen in
the water by a gentleman who called
some high school students near-
by and Tom Carleton jumped into
the creek and rescued the child
with the assistance of Bob O'Con-
nell.

The little girl who was uncon-
scious, was hurried to her home and
revived. Had she remained in the
water a little longer she would
surely have drowned.

Redwood Gets New Residents.

Earl Foster with his family of
Tekonpha came to this city a week
ago to visit Mr. Foster's cousins,
the Baird brothers, and he is so
charmed with Redwood and its sur-
roundings that he has concluded to
make this place his home. Earl
Baird gave the party an automobile
ride through the town and suburbs
and showed them some of the pret-
tiest country they had ever seen
and before the day was done they
had become enthusiastic California-
nians and Redwood City boosters in
particular. They have rented a
house on Roosevelt avenue and
will build next spring.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

L. P. BEHRENS AND FAMILY HOME FROM EXTENDED TOUR

Find in Journey Over Europe Fund of Information and Entertainment

L. P. Behrens, cashier of the First National Bank, and president of the California Bankers Association, accompanied by his wife, daughter and son, returned last Tuesday from a four months' vacation trip. The tour was an extended one, covering every point of interest on the European continent, and from the enthusiastic manner in which Mr. Behrens discourses of his experiences must have proven a most instructive as well as interesting one to the entire party.

Mr. Behrens is emphatic in his declaration that every American who desires a larger view of the affairs of the present day world, who desires to be enlightened as to the actual status of human conditions, both as affecting the poorer as well as the wealthier classes, must see Europe and study conditions of the old world. A close student of affairs and a keen observer, he found much to disturb previously conceived ideas of the general condition of the people of the European countries. One of the experiences which especially appealed to him was the generally contented spirit and frugal habit of the laboring people of almost every country visited.

An especially striking contrast which he noted, as compared with the conditions of this country, was the general air of permanency. Especially is this notable in the buildings and public roadways. In all cities visited he was attracted by the solidity and immensity of buildings, many of which, although centuries old, showed no sign of disintegration. Especially is this true of the public highways, which in European countries are built with the expectation that they will be practically everlasting. In fact in some of the cities visited he found leading hotels lacking in the more modern conveniences, because, built before these conveniences had been introduced, they had been constructed so solidly and permanently that it was almost impossible to make the necessary alterations.

One of the striking features of the trip, to him, was the frequency of places of interest and the ease with which they could be reached. Landing first at Liverpool, which Mr. Behrens describes as essentially a commercial city, many of the historical places of England were visited. From there the party went to the main land, visiting in succession, France, Belgium, Holland, Germany, Italy and Spain. Probably three of the most interesting cities visited were Versailles, Venice and Rome, each of which presented attractions of a different order.

At Versailles, undoubtedly the most interesting to the student traveler of the cities of France, several of the ancient castles of the nobility of that country were visited. Here the traveler is struck by the immensity and elegance of the construction of the buildings, many of which are centuries old and required generations for their completion, as well as the apparent elegance of surrounding grounds. At Venice Mr. Behrens found his mind disabused of the conception of the average American that its streets were simply a series of artificial canals. As a matter of fact, he observes, the entire city is built over the water, the largest of its generally massive buildings having their foundations upon piling upon which they have securely rested for centuries. Their traffic of all kinds is practically carried on by water, the use of animals for domestic purposes being almost unknown. Much of an artistic interest was found in Rome, which Mr. Behrens describes as a city of magnificent religious edifices. Here is located St. Peter's Cathedral, the largest and most beautiful building of its character in the world. At St. John's Cathedral, in that city, they were shown four columns of especially handsome marble, which authentic history states were originally a portion of King Solomon's Temple.

In addition to the recreation and pleasure of the trip, Mr. Behrens gathered a fund of information which he relates in a most interesting manner. To even sketch this, as it was related to a representative of the Times-Gazette, would be far beyond the possible scope of a newspaper article. Glad, however to be back at his home, Mr. Behrens is still an enthusiastic American.

A Splendid Treat.

Manager Nathorst certainly gave patrons of the Bell Theater a splendid treat last Monday and Tuesday evenings. With the house crowded on both evenings as an evidence of appreciation the audiences were treated to a program that would have been really worth double the price charged. For Sunday evening a strong program has been secured, the leading feature of which will be "The Feudists," a Vitagraph comedy of two reels, full of entertaining situations. Mr. Nathorst is arranging for some popular price special features for next week.

DEATH BRINGS CLOSE TO LONG AND UPRIGHT CAREER

Monday evening Matthew Hedge, a pioneer resident of Redwood City, quietly closed his eyes in death after a long illness. Mr. Hedge was one of this city's respected residents, having resided here close to half a century. He was esteemed by a host of acquaintances who knew him as an industrious, upright citizen and a kind and sympathetic neighbor. Mr. Hedge was a native of Ireland, aged 77 years. He is survived by his wife and four grown-up children and several grandchildren. The funeral took place yesterday. Impressive services were held at Mount Carmel church at 9:30 o'clock, after which the deceased was taken to Holy Cross cemetery at Menlo Park and reverently laid at rest. The deep sympathy that is felt at his passing away was shown in the great number of old and new friends who were present at his funeral.

Prompt Action Avoids Damage.

Nightwatchman Collins and Frank Allain late on Thursday night discovered smoke issuing from the bulkhead to the rear of the grammar school. On investigation they found the bulkhead and tank filling to be on fire and about to break forth in a blaze. Assistance was at once summoned and the fire was extinguished. It is supposed that boys threw away lighted cigarettes and from them the fire ignited. The discovery was a timely one, for had it gained more headway the whole bulkhead would have been burned.

CITY COUNCIL PLANS MORE STREET WORK

Provision Made for Employment of an Expert Supervisor of Children's Playground

The regular session of the city council last Monday evening, which was attended by all of the trustees, proved to be an unusually long one, several matters of considerable importance receiving extended discussion.

Mrs. J. H. Mansfield and Mrs. C. D. Hayward, a committee of the Redwood City Woman's Club, in a communication, asked the council to assist that organization in its efforts to secure more extended playground facilities for the children of the city. At the outset the communication paid a high tribute to the trustees of the grammar school for the splendid playground facilities which had been provided for the school and which had been open to the children of the city at all times.

While the supervision of these grounds had been ample during school hours, it was the desire of the Woman's Club that experienced supervision should be provided at other times, and it was the opinion of the committee that the expense of this might well be a general charge against the city. The committee had found that the services of an experienced supervisor from Stanford University could be obtained for the entire day Saturday and for Sunday afternoon at a cost of \$5 per week, and they asked that the control of the matter be placed in charge of the Park Commission, the expense to be paid from the general fund of the city.

After an extended discussion, in which the members of the committee joined with the trustees, the request was granted. It is the desire of the committee that the grounds of the school should be closed to children, except during school hours and while the supervisor is present.

According to the report of Marshall Coleman, the receipts of the city for the past month amounted to a total of \$6,111.51, divided among the various sources as follows:

Water rates	\$144.20
Water connections	110.00
Liquor licenses	2710.00
Sewer connections	10.00
Miscellaneous licenses	280.50
Beer licenses	20.00
Plumbers' fees	10.00
Taxes	1014.70
Street Improvement Dist. 13	431.34
Street Improvement Dist. 14	110.77

City Treasurer Towne reported that the general fund was overdrawn to the extent of \$1288.12, while the water fund now has a balance of \$2677.00 to its credit.

City Recorder Mansfield reported that he had disposed of eighteen cases of drunk charges, the defendants all being strangers to the city, and had collected \$11 in fines.

Superintendent of Streets Dickey reported a list of sewers and other improvements of that character required to be made in the County road. No definite action was taken on the report.

Superintendent of Streets Dickey was instructed to submit at the next meeting, a list of the property bordering upon improved streets where no sidewalks or a permanent character had been constructed.

Several residents of the city presented requests that the council assist them in obtaining electric lighting and gas services at their residences, claiming that they had been unable to induce the Pacific Gas and Electric Company to make the desired connections. As it appeared that in some cases at least the petitioners lived some distance from existing mains, the complaints were referred to Chairman Merrill, who will endeavor to secure some adjustment of the trouble.

It was also stated that there was some complaint in regard to the present distribution of street lights. These troubles it is understood will be corrected as soon as the work of remodeling the system is completed.

Representatives of the Wellesley Park and Redwood Highlands Improvement Club complained that the streets in those sections were in need of some repairs to prevent serious deterioration during the winter. They were assured that it was the intention of the street department that the repairs be made as soon as weather conditions were suitable for the best work, or after the first rain fall.

Trustee Hahrl called attention to the fact that Stambaugh street was in serious need of extensive repairs and stated that it was the general desire of the property owners of that street that it should be resurfaced. While they were willing to bear a considerable portion of this expense, it was the general opinion of the council that the improvement of the street had been made at private expense, a portion of the claim was generally admitted and after a full discussion it was tacitly agreed that if the owners of property would join in a private contract, one-third of the cost would be voted from the general fund.

Discussion of this matter called attention to the fact that several other streets in the city were in need of the same class of improvement, upon which there could not be a similar claim for public assistance from the fact that the original improvement was not made at the cost of the abutting property. Following a careful canvass of the situation, the trustees expressed an intention to order in the near future the resurfacing and oiling of the following streets: Main street, from the railway crossing to the County road at Five Points; Phelps street, from Main to Chestnut; Arguello street for its entire length; Rogers street, from Arguello to the County road. As it is understood that this work can be done at present under private contract for a comparative small cost, a short time will be allowed property owners to take advantage of the opportunity. If this is not done, the council will order the improvement under the provisions of the street improvement law. In the discussion, particular emphasis was laid upon the obligations of the owners of property won Main street, where not only the cost of original improvement but of subsequent repairs had been borne by the city.

After allowing an unusually long list of claims against the city, an adjournment was taken until the time of the next regular meeting.

Up until their separation the Ames maintained a beautiful home at Atherton. The defendant was formerly Miss Norma P. Preston, daughter of the late Edgar Preston, who in his life time maintained a palatial residence at Portola.

New Actions in Superior Court.

Mary Costa Azevedo and others have commenced an action in the Superior Court against Margaret Costa to compel her to give an accounting of property transferred to her by Manuel Costa, who died in February, 1912, on September 24, 1912. The plaintiffs and defendant are children of Manuel Costa, an old-time resident of Halfmoon Bay. Prior to his death he transferred all his property, both real and personal, to the defendant. The real estate consists of 120 acres of land near the J. C. Nash ranch at Halfmoon Bay valued at over \$10,000. The personal property consists of cash in bank, the amount of which is unknown to plaintiffs, household effects, etc., of an unknown value.

On September 23, 1912, the defendant filed a deed executed in her favor by her father to the ranch property. Plaintiffs allege that the property was given defendant in trust for the other children and they now ask the court to give them their proportionate share. Ross & Ross are the attorneys for plaintiffs.

Emma C. Thomas has brought suit in the Superior Court against George McCarthy, as administrator of the estate of Joseph Enright, deceased.

Improvement Clubs complained that the streets in those sections were in need of some repairs to prevent serious deterioration during the winter. They were assured that it was the intention of the street department that the repairs be made as soon as weather conditions were suitable for the best work, or after the first rain fall.

Trustee Hahrl called attention to the fact that Stambaugh street was in serious need of extensive repairs and stated that it was the general desire of the property owners of that street that it should be resurfaced. Coburn Makes Strong Showing.

An adjournment in the Loren Coburn trial was taken Thursday afternoon until next Monday when the case will continue. The aged capitalist was called to the witness stand on Tuesday afternoon. Though bending under the weight of 87 years, he showed considerable mental alertness in his answers to the questions of his Attorney, Archer Treat, in the direct examination. He demonstrated much shrewdness. In the cross examination by Matt I. Sullivan the old man was woefully lacking in memory, not knowing the names of many of his attorneys at the trial, or the name of the judge trying the case. In matters vital to the case he was bright. For instance, when asked about the lease executed in favor of Wideman, he told of the amount of money he was to receive and the number of years the lease was to run. On other particulars concerning the instrument his mind was a blank. The prolate proceedings of the trial was enlivened when Coburn was temporarily withdrawn from the stand on Thursday and Thomas Williams, a resident of Pescadero for forty years was placed on the stand.

His flippant answers and curt replies kept the courtroom in an uproar. When asked if he ever did any business with Coburn he promptly replied that the old man was too smart for him. Williams became very irritable under the cross fire of Attorney Sullivan and questioned the lawyer's right to ask such pertinent questions. He declared that if he understood the English language better he would tell the attorney something that would surprise him. When leaving the stand Williams made an attempt to address the jury but Judge Cabanis told him the attorneys would perform that duty. Williams is an intelligent man but dislikes to be closely interrogated. When asked if he drank beer in Coburn's home he became very wrathful. The case for the plaintiff will be completed by Wednesday of next week. Dr. Lustig, an alienist of much note, is constantly in attendance and making copious notes of the actions of Coburn. He will be the expert witness for the defense.

COD LIVER OIL AND IRON

Two Most World-Famed Tonics Combined in Vinol.

Cod Liver oil and Iron have proved to be the two most successful tonics the world has ever known—iron for the blood and the medicinal curative elements of cod liver oil as a strength and tissue builder for body and nerves, and for the successful treatment of throat and lung troubles.

Two eminent French chemists discovered a method of separating the curative medicinal elements of the cod's livers from the oil or grease which is thrown away, but to these medicinal elements tonic iron is now added, thus combining in Vinol the two most body-building tonics.

As a body-builder and strength creator for weak, run-down people, for feeble old people, delicate children, to restore strength after sickness; and for chronic coughs, colds, bronchitis or pulmonary troubles we ask you to try Vinol with the understanding that your money will be returned if it does not help you.

P. S. For pimples and blotches try our Saxo Salve. We guarantee it.

Some remedies may obtain an apparent result quickly but the cause remains, sooner or later to break out again.
Witter Water goes to the very root of the evil. It takes time for diseases to grow and develop within you, and it takes time to remove them.
Witter Water removes causes. It works slowly but certainly. It is the least expensive of all remedies.
